

Colorno, 6th March 2023

Subject: Declaration to conformity according to REACH regulation

On 1 June 2007, the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation and Restriction of Chemicals (REACH) entered into force.

This Regulation establishes specific duties and obligations for companies in the European Union (EU) that manufacture and import substances on their own, in preparations, or in articles.

As of January 17, 2023, the European Chemicals Agency (ECHA) had identified 233 "candidate" Substances of Very High Concern (SVHC). The list of current candidates SVHC can be found:

<https://echa.europa.eu/candidate-list-table>

Article 33 of REACH requires supply-chain participants to communicate the presence of SVHC over 0.1% by weight in their products. SVHC are identified on the Candidate list by ECHA.

We declare to the best of our knowledge, that all components in our products do not contain any SVHCs as of 6th March 2023 Candidate list with the exception of the following products:

- specifically brass and machined carbon steel products: the lead content within the alloys utilised are exceeding the 0,1% limitation. These products can contain up to 0,35% by weight of Lead. Lead is intentionally added to the metal alloys to facilitate machining at high speeds and high quality. The lead is contained within the metal alloy matrix. These products are not intended for prolonged human contact, or ingestion, or inhalation therefore it is our understanding that these products are not harmful when utilised in their intended applications.

This declaration is based on the information provided by our suppliers. Transfer Oil S.p.A. does not perform specific analysis for any of the listed substances in the final products nor in the raw materials used in the manufacturing process.
